 Date : **February 18, 2010**

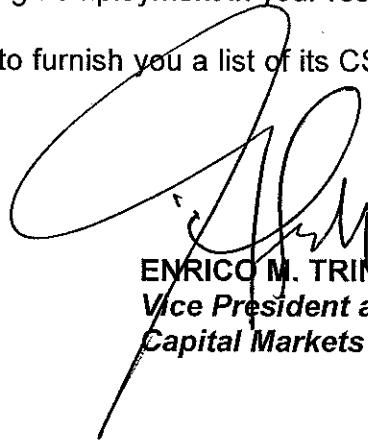

The Philippine Stock Exchange (PSE) Market Education Department presently conducts the PSE Certified Securities Specialist Course (CSSC), one of its long-term flagship programs developed to enhance the investing, trading, and analytical skills of investors, traders, analysts, and market practitioners.

Since its launch in December 2006, the PSE have conferred the title "Certified Securities Specialists" to 94 successful graduates of the course from its different partner schools, Global City Innovative College, iACADEMY, and Ateneo Center for Continuing Education. This crop of knowledgeable and skilled individuals brings with them theories, tools, and functions of investing and trading in the stock market.

In this regard, we seek your support in helping our Certified Securities Specialists to put into practice their skills through employment in your respective brokerage companies.

The PSE MED will be glad to furnish you a list of its CSSC graduates with their contact details by request.

Thank you very much.
